

- **Internship Programme:** The selection of the interns for Summer Internship programme 2010 has been finalized. For the internship programme which is likely to commence from May 2010, School had received 300 applications from 10 national level institutions out of which twenty candidates have been shortlisted to work on different government schemes and programmes. (List)

- **Best Practices**

As one of the important activities the School collects the Best Practices happening at various levels. As per the recommendations of the Manthan 2009, School has been made a nodal agency to identify National and International level best practices which can be replicated in the state. School is in the process of compiling such best practices to be reviewed by a group of senior officers of the Government to identify such practices which may be of relevance for the state and suitably adapt them in the context of the state.
